## Report of the President and Directors.

NEW YORK, December, 1879.

*To the Patrons and Members of Mount Sinai Hospital.*

We herewith submit the annual report of the Hospital for your kind approval.

The means at our command have been employed in such a manner as to effect the greatest amount of good, so as to improve all departments wherever possible.

We have again been reminded of the mutability of life in the recent death of our President,

HARRIS AARONSON,

who died while in office, and whose loss we deeply mourn.

An earnest co-laborer in this institution for twenty-one years, he was distinguished by integrity of purpose and scrupulous fidelity to his trust; by his zealous endeavors in its behalf he merited and received the respect of his colleagues; his memory will ever be revered by his associates, his noble work remain a bright example for all to emulate, and his name has a lasting record in the annals of the Hospital.

It is also our sad mission to record a great loss to our beloved institution, in the taking from their sphere of usefulness in the prime of their lives of the late MRS. SIMON WORMSER, Vice-President, and MRS. ALBERT HENDRICKS, Directress of the Ladies' Auxiliary Society; their unfailing devotion was as self-sacrificing as it was unostentatious. Their names will ever be remembered as true benefactors of suffering mankind.

By the death of MRS. EMILY G. NATHAN, relict of the late Benjamin Nathan (one of the founders and former President of Mount Sinai Hospital), we were deprived of one of its most generous supporters; by a liberal provision for our hospital and a

bequest in aid of poor convalescents leaving the Institution, she has further evidenced the goodness and charitable promptings of her heart.

The Directors gratefully acknowledge receipt of the following legacies and bequests:

From the late Michael Reese, of San Francisco, . . . . .	\$25,000 00
A tablet for the perpetuation of his memory has been erected in the Hospital.	
From Mrs. Emily G. Nathan, . . . . .	2,500 00
For a perpetual bed in memory of her husband, the late Benjamin Nathan.	
From Mrs. Emily G. Nathan, . . . . .	2,090 00
For a special fund, the interest of which is to be distributed among poor discharged patients.	
From Mrs. Sarah Heineman, . . . . .	2,500 00
For a perpetual bed.	
From the Barnett estate, . . . . .	732 75

The numerous other donations received during the year are hereby acknowledged with thanks. At a meeting of the Board held in 1877 a resolution was adopted that all legacies, bequests, and donations received since the Hospital is founded be published in the annual reports. In accordance therewith these will appear in our report of this year; should by inadvertence any be omitted we will rectify the oversight upon our attention being called thereto.

Our Executive Committee, to which the management of the Hospital is intrusted, present in their report a detailed statement of their work; your especial attention is called to their recommendations.

The reports of the Treasurer and Finance Committee will give you a complete exhibit of the receipts and disbursements for the current year, together with the financial condition of the Hospital.

We have been particularly fortunate in securing the service of a superior House Staff, whose report, herewith submitted, will demonstrate the magnitude and excellence of their work.

To the Medical Staff the thanks of the Directors are eminently due and hereby extended; their unflinching devotion in employing their valuable time and skill for the patients committed to our care deserves our highest praise.

In this connection we record the death of Dr. John T. Darby, visiting surgeon, who was a member of the medical staff for several years.

Our Dispensary continues to do efficient work in relieving the sufferings of the sick; the superiority of its staff of physicians induces many to flock to it from all parts of the city. We thank them for their fidelity and refer you to their report, detailing the work done in this department.

An Eye and Ear department, in charge of Dr. Emil Grue-ning, has been added this year to the other medical departments; under his able management it has already proved a useful field.

Our admitting Physician, Dr. D. Froehlich, continues to perform the functions and duties of his position in a praiseworthy manner and to our entire satisfaction.

Our tenderest feelings are aroused whenever we behold the sufferings of the young, and their helplessness excites our innermost sympathies; a retrospective glance at the work done in the children's ward (which was opened this year) will therefore be of interest to our patrons, giving cause for great satisfaction. It has developed a new sphere for doing good; the ward is always full, and is daily visited by Dr. A. Jacobi. His extraordinary experience and skill have made this a department of which we may all justly feel proud.

The Ladies' Auxiliary Society continues to supply the Hospital with household linen, and provides the inmates with good substantial apparel; their good deeds must, in themselves, richly recompense them for their great sacrifices. They relieve us from an expense and a great responsibility by assuming control of this work, for which their experience enables them to use the best of judgment. The kindness of the ladies in comforting the sick, whom they often visit in the wards, speaks volumes of praise in their favor, and we can truly say that the nobleness of their nature is highly appreciated by the inmates of the Institution; in the fulness of our hearts we say, "May God bless and reward them."

Our duties to the living should not make us neglect those we owe to the departed; at all periods society has considered it a solemn obligation to provide for proper interments. In this respect the Hospital has for past years been dependent upon our various congregations which have from time to time set apart plots of ground in the different cemeteries for the sacred purpose

of giving burial to those dying friendless in the Hospital. The want of a Hospital cemetery has long been apparent, and has at last been supplied through the energy of our colleague, Samuel M. Schafer, Esq. Through his endeavors a large and valuable tract of land in Cypress Hill Cemetery (comprising 100 lots 20 by 20 each, in all 40,000 superficial feet) has been gratuitously procured for this purpose. In recognition thereof, the Board of Directors have dedicated the same to the memory of Mina Schafer, deceased, mother of our worthy Treasurer, and it is our intention to have the ground fenced in, and laid out in a proper manner at an early day.

To the Sub-Committee appointed by us, under the recommendation in our last annual report, for the purpose of increasing our roll of membership, we are greatly indebted and we take this opportunity of expressing our sincere thanks to them. A call was issued to about forty of our members, who organized by electing G. Rosenblatt, Esq., Chairman, and L. M. Hornthal, Esq., Secretary; they held several meetings, and through their zeal many names were added to our list.

The necessity yet remains for again organizing a similar Committee; resignations, removals, deaths, and other changes tend to reduce our list of members, the number of which should be restored and if possible augmented.

Reference to the finance report shows that the entire income that can be relied upon is \$33,000, *i. e.*, \$26,000 from our regular contributors and about \$7,000 from interest on our permanent fund. The expenditures, without allowing for improvements and repairs, are nearly \$45,000, and were it not for extraordinary receipts, such as from legacies, bequests and other sources, we would be at a loss to provide the means for meeting the current expenditures.

The amount of receipts from our members, together with the interest derived from our permanent fund, should be ample to make the Hospital self-sustaining, without having to rely upon a variable income from the last-named sources; it would be gratifying if in the near future a result could be obtained which might obviate any possibility of a deficit. We have now about 1,400 contributing members and 500 patrons. When we reflect that at least 10,000 Israelites, residents of this city, are in condition to share in the support of the Hospital, and that notwithstanding this fact less than one-fifth of that number are contributors, we

are involuntarily led to the conclusion that a more general effort would place the institution on a firmer financial basis. Your Board of Directors do not lose sight of this all-important fact, but the circle of their acquaintance being naturally limited, after a time their influence and means for obtaining new members become exhausted. Let us therefore appeal to you to render a service to our Institution—easily performed—by simply putting the question to your neighbors and friends, on all suitable occasions, if they are members of Mount Sinai Hospital, and if not enroll their names. Rest assured such an appeal will not be made in vain, for who would not give his mite in aid of such a worthy charity?

The Purim Association has kindly tendered its annual ball on the 26th of February for the benefit of Mount Sinai Hospital and Dispensary, which the Board has gratefully accepted. Judging by the well-deserved popularity of this association and its entertainments, and the worthy object for which the proceeds are designed, we are confident that with proper aid the project will prove a success.

The patients continue to receive the visits and words of comfort and consolation from our reverend ministers, for which we are beholden to the Rev. Doctors Adler, Gottheil, Huebsch, Jacobs, De Sola Mendes, H. P. Mendes, and A. S. Isaacs.

The recent death of Rev. Doctor David Einhorn must be recorded as a mournful event; while in good health he was unflinching in his duties towards our charity, and his noble character was evinced by his frequent and cheering visits to our patients.

We are grateful to the Press, especially to the proprietors of the *Jewish Messenger*, the *Reformer and Jewish Times*, the *Star*, *Evening Express*, *New Yorker Zeitung*, and *Nachrichten aus Deutschland und der Schweiz*, who kindly furnish our inmates with copies of their valuable journals.

The delicate tenderness and care for our inmates as shown by the Ladies' Flower Mission merits our gratitude and esteem; they have gladdened the weary hearts and softened the hours of the poor sufferers.

To Messrs. Lewis Fatman, Nathan Littauer, and Leonard Lewisohn, directors retiring during the past year, the thanks of our Board and of the Patrons and Members of our Institution are due in eminent degree; while we regret the necessity which has deprived us of their zealous labors and wise counsel, it is but

**Addendum.**—On this page, we inadvertently omitted to mention our indebtedness to the *Hebrew Leader*, for copies of the paper sent.

just that we bear testimony to their conscientious work, and to the faithful discharge of their duties while members of our Board.

While we regret that the necessity existed, we are pleased to have been in a position to extend the benefits of the Hospital to the unfortunate sufferers committed to us by our sister charities. We have relieved the sick admitted from the Hebrew Orphan Asylum, Home for Aged and Infirm Hebrews, and Deborah Nursery, and have supplied the United Hebrew Charities, Home for Aged and Infirm, and Hebrew Sheltering Guardian Society with medicines from our apothecary.

Mount Sinai Hospital is ever ready to co-operate with its sister charities with a view to extend its benefits to their inmates when required, recognizing the fact that all these institutions are as of one family and sustained from the same fountain, yet the rigorous rules necessary for the sanitary protection of an institution like ours make it imperative at times to refuse admission to certain cases ; it is always with a feeling of deep regret that we submit to this necessity when compelled to do so.

Great improvements have been made during the year, all of which were necessary from a sanitary standpoint. Under the supervision of Henry Fernbach, Esq., the well-known architect, the entire plumbing has been thoroughly overhauled, repaired, and much new work introduced; many changes have been made in the lavatories, kitchens, and throughout the entire buildings. New iron bath-tubs have been put in place of the old wooden ones; the entire north and south wings and middle building have been plastered, kalsomined, painted and varnished, new skylights and ventilators placed in the fourth male ward, changing it from an unpleasant ward into one as well lighted and ventilated as any in the Hospital. The patients have been supplied with a reception room, a want that has been felt for a long time, besides numerous minor improvements which it is unnecessary to particularize; the entire work has entailed an outlay of five thousand dollars.

It is proper to state here that the expense incurred in fitting up the children's ward (which was completed last year) at a cost of three thousand dollars, was paid for this year.

After the completion of these different alterations and improvements, the 26th of October was appointed by us as a reception day ; we deemed it proper that a special opportunity be given

to our patrons and friends to inspect the Hospital and its general management, so as to interest them still more in the benefactions it bestows on mankind. We were not disappointed in the very favorable result of this pleasant reunion of our patrons and members, many of whom recorded their names in the "Book of Life," adding liberal donations thereto. Much of this extraordinary success was due to the exertions and assistance of the Ladies' Auxiliary Society.

It is earnestly desired that our friends make frequent visits to the Hospital. The members of our Executive Committee (who are in session every Sunday forenoon) will be pleased to conduct visitors through the wards.

Our experience during this year, as in the past, has made manifest in a greater degree the pressing need in our community of an additional and necessary charity; we refer to a HOME FOR THE GRATUITOUS TREATMENT OF CHRONIC INVALIDS AND A SHELTER FOR CONVALESCENTS. These peculiar cases arouse our sympathies, and while we frequently admit those whom we can improve, a just consideration of the real object of our Hospital and a desire to use its limited space for the improvement of those whom medical treatment can relieve, compels us, often reluctantly, to refuse many who, while sick, suffering, and deserving of charitable aid, can find no assistance at our nor other kindred institutions. We hope that the generosity which has founded and sustains the "Hebrew Orphan Asylum," the "Home for the Aged," and the "Hospital," will add the missing link in the near future, by the erection of an asylum for the care of these sufferers.

May our philanthropists not lose sight of this great need, and give it the serious consideration it deserves.

Man's noblest promptings and loftiest sentiments are exemplified when providing for the poor, the sick, and the helpless; our endeavors are still more commendable when made in behalf of those beyond our own immediate circle. Without overstepping the limits of modesty, we may justly say that Mount Sinai Hospital ranks foremost among sister institutions in this noble calling, by extending its benefits in a humane and cosmopolitan spirit to all applying for admission, regardless of creed, sect, or nationality.

All patrons of our Hospital may proudly point to its philanthropic work in the cause of humanity, as an evidence of the highest degree of liberality.

The result of last year's work, actuated as it was by such inspiring motives, will doubtless form a source of great satisfaction to all who have so kindly contributed thereto. It is their generous support which has enabled us to relieve the sick, to comfort the afflicted, to soothe the anguish of the suffering, to house and aid the poor, and calm and console the dying.

With uninterrupted faith in the fatherly protection of the Almighty our Institution will flourish in the future as in the past, a blessing to those who give, and a balm to the wounds of suffering humanity.

# Report of the Executive Committee.

NEW YORK, December, 1879.

*To the President and Board of Directors of Mount Sinai Hospital.*

In due appreciation of the trust confided to your Executive Committee, they hereby commend to your favorable consideration a full and complete account of their stewardship for the year ending November 30th, 1879.

Your committee held fifty-two meetings, at which they considered and acted upon all applications for admission, requisitions for victuals, drugs and general supplies, together with all matters of detail appertaining to the task allotted to them.

While our usual routine work remains of the same character, the gradual increase in the usefulness of the Hospital has called for the greatest economy and care in its management and supervision, so that our expenditures may not exceed our income, and to make the good work adequate to the means at our command. Our duties have been lightened through the harmonious co-operation by the heads of the various departments, all of whom were actuated by the one object—the good of the Hospital.

## SUMMARY.

The entire number of applications during the year was 1,832, viz. :

Admitted gratuitously, . . . . .	1,295
Admitted as pay patients, . . . . .	75
Referred to the Dispensary, . . . . .	261
Refused under the rules, . . . . .	201
Total, . . . . .	<hr/> 1,832 <hr/>

Percentage of patients treated gratuitously, . . . . .  $95\frac{6}{10}$

The number of patients remaining Dec. 1, 1878, was,	104
The number of patients admitted during the year was,	1,370
Total,	<u>1,474</u>
Discharged cured,	768
“ “ improved,	384
“ “ unimproved,	34
Refused treatment,	29
Transferred to other institutions,	3
Died,	117
Remaining in Hospital, Dec. 1st, 1879,	139
Total,	<u>1,474</u>
Greatest daily number at one time,	153
Lowest daily number at one time,	71
Total number of patients treated in the Hospital since it was founded,	15,984

The death rate from all causes of the patients under our charge for the year was  $7\frac{9}{10}$  per cent, an increase of  $1\frac{3}{10}$  per cent over that of the preceding year; this must be ascribed to our extended sympathies, many cases being brought to our doors, some in an incurable, others in a dying condition; in fact these ought not to be admitted in a hospital, but be provided for in a home.

Total number of patients treated during the year,	1,474
Average daily number of patients,	$118\frac{26}{100}$
Average time of each patient,	$31\frac{37}{100}$
Number of days of Hospital care,	43,164
Of which 40,812 were entirely gratuitous.	

For nearly three months during the past summer, while the repairs and improvements were made, part of our wards were necessarily closed, nevertheless the average daily number of patients is somewhat in excess of that of the preceding year, demonstrating conclusively that the Institution is becoming more popular and consequently its sphere of usefulness on the increase.

#### SUPPORT ACCOUNT.

Hospital expenses in full, less outlays for improve- ments,	\$38,912 $\frac{00}{100}$
Number of days of Hospital care to patients,	43,164

Average cost per day, per capita, . . . . . 90 $\frac{1}{4}$ c  
 against 95 $\frac{3}{10}$ , in 1878, a reduction of over 5c per  
 day and capita.

Of this the cost for food was as follows :

Total cost of food, . . . . .	\$15,952 $\frac{34}{100}$
Average daily number of patients, 118 $\frac{26}{100}$ .	
Average daily number of Internes and help, . . . . .	47 $\frac{93}{100}$ .
	<hr/>
	166 $\frac{19}{100}$ x 365 = 60,658 days

Cost of food per day for each inmate, . . . . . 26 $\frac{3}{10}$ c  
 a slight reduction from the cost of last year.

As already stated, we have endeavored to reduce the expenses to the lowest point possible, exercising the most rigorous economy, yet using our best efforts for the proper nourishment, comfort, and care of those committed to our charge.

#### DISPENSARY.

Number of patients treated gratuitously in the Dis- pensary, . . . . .	21,809

Total number dispensed gratuitously, . . . . .	37,456
Cost of drugs, . . . . .	\$3,573 $\frac{48}{100}$
Average cost of each prescription, . . . . .	9 $\frac{3}{10}$ c

Believing it conducive to the morale of the house, and actuated by a desire to economize wherever possible, we have made strict rules that liquors and mineral waters be given to none but patients and dispensed only upon prescriptions from the house staff in the same manner as medicines.

The entire cost for liquors and mineral waters last year was \$1,868, while this year it was only \$1,458. This system was first introduced last March, and produces an annual saving of at least seven hundred dollars.

The conscientious and careful examination of every applicant by our admitting physician, Dr. D. Froehlich, has enabled your committee to act more intelligently in admitting or refusing

patients; his advice and counsel have always been a safe guide. It is a source of gratification to us to be able to testify to his high appreciation of the responsibilities of his position; he was always just in the consideration of the claims of the patient and faithful in the performance of duties to the Hospital. Whenever patients applied who under the rules could not be properly admitted, he reluctantly refused them, but in doing so always extended a word of advice and kindness, evidencing the goodness and sympathetic nature of his heart, thus ranking him a true friend of the poor and the suffering.

It is not to be considered an empty formality if we hereby express our great satisfaction with and our thanks to our house staff. Doctors Estes, Friedenber<sup>g</sup>, Hays, and Offenbach have established a lasting reputation in our Hospital for their faithful and meritorious work. They were ever prompt in the discharge of their duties, and while strict in upholding the discipline in the wards, they extended the greatest kindness to our patients.

Our superintendent, Mr. T. Hadel, and our matron, Mrs. S. Simon, continue to discharge their duties in such a satisfactory manner that we cheerfully bear testimony to the careful supervision of all matters intrusted to them, and to their conscientious endeavors to promote the welfare of the Hospital.

It has been our especial privilege to have been able to alleviate the suffering of the sick who were committed to us by our sister charities. From the Hebrew Orphan Asylum we admitted 60 children during the year; 13 remained in the Hospital on the 1st of Dec., 1878; of the 73 thus treated 69 were returned to the asylum in good health, 2 died, and 2 remain in our charge at the present time.

Eight patients were admitted from the Home for Aged and Infirm Hebrews, four of whom were discharged cured, and four still remain in the Hospital.

The Deborah Nursery intrusted us with the care of five of their little wards; while enabled to return four in good health, we regret to state that one died.

Over 900 prescriptions were prepared in our apothecary and the medicines therefor gratuitously furnished to the Home for Aged and Infirm Hebrews, the United Hebrew Charities, and the Hebrew Sheltering Guardian Society. It is very gratifying to us to have been in a condition to extend this aid to these various charities.

A library was fitted up in the course of the year consisting of over 1,200 volumes embracing among them many standard works. Our patients avail themselves of this privilege, giving them opportunity to pass many an otherwise weary hour in a pleasant manner. Our thanks are hereby offered to Mr. S. Zickel, of this city, who contributed four hundred volumes towards this worthy object. Donations of books from our philanthropic friends will be gratefully received and properly placed in the catalogue of our library.

If it is true that many improvements have been made during the year, there is still room for one in a field which has thus far been entirely overlooked, and one that can be easily introduced through the individual efforts of those benevolently inclined. In no place are pleasant surroundings so important as in the sick-room, and particularly to the convalescing patient. The walls of our wards are bare and cheerless; not a picture nor ornament to relieve the dull monotony of a hospital. May we not, through you, appeal to the public for such desirable gifts; there are few families who could not spare and devote some engraving or other suitable picture for this laudable purpose. A general participation herein would soon enable us, besides extending medical aid and nourishment to our patients, to satisfy that inherent love for the beautiful which pervades every human heart.

We cannot close this report without offering our thanks to the many generous friends of the Hospital whose readiness and prompt responses to every call in aid of our charity fill our hearts with gratitude, foremost among whom we note and make particular mention of the ladies of the Auxiliary Society; their benevolence and achievements entitle them to this special recognition.

Their charity is of

“That quality which is not strain’d ;  
It droppeth, as the gentle rain from heaven  
Upon the place beneath ; it is twice blessed,  
It blesseth him that gives, and him that takes.”

May the year upon which we now enter be one full of success in our work. May our Institution continue to relieve the sick and afflicted, and may that generous support ever accorded to it be granted in a still higher degree.

The records of noble deeds in so humane a calling must form pleasant reminiscences and will be regarded as lasting monuments by posterity when we shall have been removed from these scenes of struggle and suffering.

Respectfully,

## Report of House Physician & Surgeon.

*To the President and Board of Directors.*

GENTLEMEN :—The House Physician and Surgeon beg leave to present their Annual Report.

For the kindness and courtesy shown them by your honorable Board, and for the generous liberality displayed in furnishing the necessities of the Institution, they extend their hearty thanks.

Their assistants, Drs. Offenbach and Hayes, receive the commendation the willing and conscientious discharge of their respective duties deserves.

The uniform politeness and co-operation of the Superintendent, and the efficient aid he was ever ready to lend, they acknowledge with thanks.

On account of the introduction of trained nurses into some of the wards, the nursing has been conducted much better than formerly, and the Directors have reason to congratulate themselves upon the improvements made in this department.

The death of Dr. J. T. Darby was a severe loss to the Institution, and it is with sincere regret that they must chronicle so untoward an event.

By the addition of the Children's Ward, as a permanent service, the usefulness of the Hospital has been materially extended—the appreciation of the community being apparent from the increased number of children treated. The organization of a separate service for the diseases of the eye and ear, is a step in the same direction.

Finally, the excellent state of repair, the unprecedented condition of the Hospital, and the absolute freedom from infectious disease, is with much pleasure noted.

Respectfully submitted,

W. S. ESTES, M.D.,

*House Surgeon.*

EDWARD FRIDENBERG, M.D.,

*House Physician.*

## SURGICAL DEPARTMENT.

Service of DR. ABRAHAM MAYER.

*To the Board of Directors of Mount Sinai Hospital.*

GENTLEMEN:—I present you the annual report of patients treated by me in the surgical division of the Out-Door Department, ending Dec. 1st, 1879. The total number of cases treated during the year was 1,063. The number of cases treated by my predecessor, Dr. Spitzka, from Dec. 1st, 1878, to March 1st, 1879, was 222; the number treated by me from the time I went on service, March 1st, 1879, to date was 841.

The increase in the number of cases over that of last year is 294. Where patients were suffering from two or more affections, as is common in this department, preference is given in the following report to the original disease, or that which caused the greatest disturbance in the system.

Respectfully submitted,

December 1st, 1879.

ABRAHAM MAYER, M.D.

## SURGICAL DEPARTMENT.

Service of CORNELIUS WILLIAMS, M.D.

*To the President and Board of Directors of Mount Sinai Hospital.*

I submit herewith a report of the cases treated by me, together with those treated by Dr. Spitzka and Dr. Fridenberg, both resigned, in the Surgical Division of the Out-Door Department, Mount Sinai Hospital. The time comprises from December 6th, 1878, to December 1st, 1879; six days in December having been unintentionally included in the report made last year. The total number of cases treated is 1,267. Where a patient applying was affected with more than one disease of importance, separate entries have been made in the diagnosis column; but in no case has the same patient been entered more than once in the book, except in a few cases, when he returned, after having been discharged cured, with another and distinct disease. The number of patients given by me does not include those whose names were entered, but subsequently referred to another department.

## DEPARTMENT OF DISEASES OF WOMEN.

Service of PAUL F. MUNDÉ, M. D.

*To the Board of Directors of the Mt. Sinai Hospital:*

GENTLEMEN:—I beg to present the usual classified list of the diseases treated by me in the Department for Diseases of Women, during the twelve months from Dec. 1st, 1878, to Dec. 1st, 1879. I would state that, as in the previous year, each case was entered but once on the record; and that, as the majority of the cases suffered from more than one of the affections below enumerated, the condition giving rise to the greatest disturbance was in each instance chosen as the designation of the case.

The total number of individual *new* patients thus entered on the record and treated during the past year was 395. The grand total of all cases treated by me during the past twelve months is shown by the day-book to have been 1,218, or an average of eight per day of my attendance (three times per week).
