

DR. A. JACOBI,  
110 WEST 34TH STREET.

My dear Doctor Da Costa

The kindness shown by men whom I admired  
and looked up to the better part of my life, affects me  
very profoundly. My case proves better than anything  
can do that mere good will on my part has secured  
for me the expressions of respect and appreciation that  
have poured in upon me. Your letter will be cherished  
amongst my best possessions and will live longer than I.

Gratefully yours

A Jacobi
