Dear Dr,

Your favor of this date is received. As far as I am personally concerned the gentlemen named are not object-
ionable, on the contrary, any of them, whom your Staff and the Board of Directors may appoint, will be agreeable to me. I will hand your esteemed letter to Dr. Mundé this evening, who will return it to you. I am sure, any gentlemen whom you approve will be acceptable to our Board. Since we had no especial business to transact, no meeting has been held this month.

If you should desire it,
we can call on at any
day for the purpose of rati-
fying any names you
may select.

With high regards,
I am, dear Sir,
Yours very truly.
