A. Jacobs M.D.
near Doctor:

Upon motion of one of our directors, the Board of Directors instructed me as follows, "Inasmuch as the standing of Drs Cramer and Hardwick before the examining Board was the same, that the Vice Pres ascertain if Dr Cramer is a Conneligionist, if so to appoint him; if not appoint Dr Hardwick." I received the addresses of the several applicants, kindly sent me by you, and as you stated Dr Cramer's address to be 20 East 40th St., I called there this morning; he does not live there - I enquired all around the neighborhood, and at 20 West 40th St but failed to find any one by that name.

There is evidently some mistake
in the number or street; it is important
that the vacancy be filled speedily and
with that view, I beg you to give me by
return mail the necessary information
to find Dr Cramer.

your kind attention, will
oblige,

Yours very respectfully
